

Tenure-Track Faculty Positions

Department of Materials Science and Engineering Pohang University of Science and Technology (POSTECH) South Korea

The Department of Materials Science and Engineering (www.postech.ac.kr/mse) at POSTECH (www.postech.ac.kr) is seeking to hire three assistant professors in the area of nano-materials with emphasis on synthesis/processing/properties, particularly as these relate to information technology, biomedical engineering, or environmental/energy technology.

Applicants must hold a Ph.D. in materials science and engineering or a related discipline with at least 2 years of work experience and an outstanding research record. Successful candidates will develop lectures for both graduate and undergraduate students, develop research programs in collaboration with other faculty members and serve the academic/research community. The position is open to non-Korean citizens who have fluency or near-fluency in English as well as to Korean citizens.

Review of applications will be ongoing until all vacancies are filled in 2004. Interested persons should send a curriculum vitae including three references, statement of research interests and teaching goals by electronic mail to Mr. Jae-Chul Lee, administrative assistant, at gamilo@postech.edu
