

# KJF International Conference on Organic Materials for Electronics and Photonics September 15-18, 2011 Gyeongju, Korea

## INVITATION

KJF International Conference 2011 on Organic Materials for Electronics and Photonics (KJF 2011) will be held on September 15 to 18, 2011 in Gyeongju, Korea. KJF started with members of 30 in 1989. Now this forum is surprisingly expanded as the international conference for the exchange of information about recent advances in organic materials for electronics and photonics. Lectures and posters will provide a motivation for deep discussion about the topics of the conference. We are fully confident that all participants will benefit a great deal from this opportunity of scientific exchange provided by KJF 2011.
